

**Flat-Coated Retriever Society of Canada
National Specialty 2012 Judge
BONNIE & GORD MCGHIE**

Bonnie and Gord McGhie began breeding Labrador Retrievers in 1988 with the kennel name, Twigs Labradors. They were committed to breeding the all around Labrador, one who was competitive in the show ring, obedience and field.

They finished a number of conformation champions, had a Best in Speciality Show winner, a Best Puppy in Show, Jam wins and Veteran wins. They qualified dogs with Obedience titles to the Master Obedience Trial Champion level and Hunt Test titles to the AKC Master Hunter and the CKC Grand Master Hunter levels.

Bonnie began judging hunt tests in the 1990's, qualifying to judge under both the AKC and the CKC rules. Five years ago Gord decided to qualify to judge as well.

They are both strong supporters of the WC Series and both particularly enjoy judging the beginning level. Years have passed and goals have been reached, but they remember competing in their first WC tests, the support of the judges and fellow contestants and the thrill of qualifying..
